Kemenys (AUS) August 2006

“Wow! This Shiraz shows a wonderful, jammy essence of raspberry fruit and a delicious, sweet mouth feel. Drinks like a \$40 Shiraz!”

Beekman Wines (US)

“Once again Mitolo has crafted an elegant yet richly flavoured Shiraz at an excellent price. It does well with a variety of holiday foods and can be kept for your upcoming spring time festivals too. Pair it with a variety of foods like prime rib, pork roast, and barbeque meats as well as chocolate cakes and desserts.”

The Wine Club (US)

“This contains up to a quarter of dried Serpico fruit and is extremely sweet and winning. Still quite chewy in early 2005 but should be tasting very well now.”

Purple Pages, Jancis Robinson, January 2007

“Full bodied red. Deep red almost impenetrable in colour. The aromas include lashings of ripe berry fruits, liquorice, vanilla and coffee. The palate is suitably rich with weighty fruit and big chunky ripe tannins. The acidity and tannin successfully grapples with the fruit to provide a balanced finish. The aptly named 'Jester' entertains the senses with its fruit driven enthusiasm.”

WoodWinters (UK)

“The Jester Shiraz, sealed under stelvin, has intense aromas of blackberry, plum and chocolate with a subtle touch of French oak. On the palate, rich ripe black fruits and dark chocolate combine with soft velvety tannins, a supple texture and a long generous finish to give the wine real appeal.”
