2019 OF THE EARTH PINOT NOIR
ADELAIDE HILLS

92 POINTS

Sourced from a single plot in Macclesfield, this mid-weighted sassy pinot was extracted gently, drawing on the semi-carbonic influence of partial whole-bunch fermentation, with indigenous yeasts. This confers lifted aromas while imparting a light ruby hue, herbal complexity and softer structural attributes. Red and maraschino cherry, chinotto, rhubarb and some autumnal mulchy scents, all. The tannins, frisky and nicely pliant. The finish, easy going and of pointed length.

James Halliday, Australian Wine Companion 20/21
